PERSONAL PROFILE

Highly driven with a passion for connecting with people through work, I have a successful background in Marketing, Advertising and PR. I have striven to develop myself across PR and Music Industries, augmented with proven networking skills and multi-disciplinary procedural development.

Freelance work in the music industry has led to successful collaborations with high profile artists, magazines and record companies, with many projects managed and completed since 1992.

A passion for science and education has led to provision of home 1:1 tuition while continuing to write within the music industry.
