

AC/DC UK DISCOGRAPHY (Selected)

This was submitted to Record Collector magazine for a standalone issue in 2024.

Here is in the format it was originally submitted. Many of the LP and CD reissues were manufactured in Europe for distribution in the UK.

The price given is a guide value for a mint condition copy; the price of records sold is more of a factor than the advertised price of those unsold. P&P is not factored.
